NORLAKE — KOLD LOCKER™ WALK-INS

- Self-Contained Capsule Pak ECO™ refrigeration systems with R290 refrigerant for regulation-ready, low energy costs
- Most energy-efficient panel construction and insulation
- Professional installation nationwide through AIM National
- Industry-best 18-month parts and labor warranty

Made in the USA

Glastender — NEW BAR FREEZER

- Holds -5°F to 0°F for true frozen storage behind the bar
- Meets NSF Standards to safely store frozen food and chill glasses
- Automatic Defrost - Bar and low profile configurations to match your workplace
- Design your own bar!

Made in the USA

HOSHIZAKI — STEELHEART REACH-INS

R1A-FS

- TXV system quickly regulates refrigerant flow for faster temperature recovery, ensuring food safety and energy efficiency during peak times or product overloads
- Uprights offer dynamic airflow with louvered ducts, maximizing air distribution
- *All 7's Warranty*
  - 7 years labor
  - 7 years parts
  - 7 years compressor

ENERGY STAR · GEORGIA MADE

HOSHIZAKI — CRESCENT CUBE ICE

- Lower utility bills with 19% less electricity and 18% less water

- Crescent Cube Ice
  - Crescent shape nests closely in glasses, displacing more liquid to maximize yield per drink
- KM-161BAK Undercounter
  - Lower operating costs with ENERGY STAR units using double-sided evaporators to freeze faster in fewer cycles, saving energy and water.

ENERGY STAR · GEORGIA MADE

HATCO — INDUCTION RANGE

- Programmable recipes deliver consistent results across every shift
- Up to 2900 watts per burner heats fast to keep up with peak service
- Independent burners let staff cook multiple dishes at the same time
- Durable Schott Ceran glass top stands up to heavy use and is easy to clean

CAMBRO TRUSTED DURABILITY — NEW Z RACK

- Nests together after service, reclaiming up to 34% of floor space
- Rust and corrosion resistant, so it outlasts traditional speed racks
- Holds up to 35 full size sheet pans, with rails rated for hot pans up to 400°F

Made in the USA
