Dormont A WATTS Brand · Duke Your Solutions Partner · Glastender · EQUIPEX · FWE

PIZZA OVEN

PZ400

- Delivers authentic wood-fired flavor with fast cook times as low as 3 minutes
- Reaches temperatures up to 900°F for crispy crusts and artisan-style pizzas
- Compact design ideal for kitchens, food trucks, and catering operations

PROJECT MANAGEMENT & INSTALLATION SERVICES

- Expert installations nationwide minimize downtime with fast, precise setups
- Single point of accountability for seamless project execution
- Expert planning prevents costly delays in multi-location rollouts

ILUME

- Uses 40% less energy than standard heat lamps while covering twice the area
- Infrared heat warms food through, keeping it as serving quality longer
- Adjustable arm and swivel head fit a wide range of pan sizes and station layouts

POWERRINSE

- Reduces bulk waste before it reaches the dishwasher
- Cuts pre-rinse time to speed up dishroom flow
- Uses minimal fresh water — recirculates with force to conserve resources
- Helps lower waste handling and odor issues

CLYMATE IQ HOLDING CABINET

PHTT-12

- Control temp and humidity independently
- Stable environment even with frequent openings
- Exact holding with accurate temp and moisture

BLUE HOSE

EFV attachment

- Enables safe and easy equipment movement
- Reduces stress with Swivel MAX
- Minimizes downtime with quick-disconnect design
- Excess Flow Valve instantly limits gas flow if the hose is disconnected or ruptured

RETHERM OVEN

RH-18

- Reheats large batches quickly and evenly
- Prevents overcooking or drying out during reheating
- Allows installation in locations without hoods (in some jurisdictions)
- Reduces food waste and labor overhead

COOK & HOLD

LCH-6-6-SK-G2

- High yield with natural browning for great flavor
- Overnight cooking reduces labor and energy costs
- Recipe programming for push-and-go operation
- Gentle air circulation keeps food moist and tender
- Smoking option available
